# ANNUAL NORTHWEST TRAINING AND TESTING UNCLASSIFIED EXERCISE REPORT

## INTRODUCTION

The U.S. Navy prepared this unclassified version of the Annual Report covering the period from 09 November 2017 through 08 November 2018. In compliance with the National Marine Fisheries Service (NMFS) Final Rule under the Marine Mammal Protection Act (MMPA) for the Northwest Training and Testing (NWTT) Study Area, a classified version of this report is also submitted to NMFS.

In the NWTT Study Area Letter of Authorization, requirements for “Monitoring and Reporting” are specified in paragraph 7.(e). The information in this Annual Report represents the best practical data collection for this period. Only unclassified information is present within this report.

### (1) NWTT – Description of the Level of Training Conducted in the NWTT During the Reporting Period

The level of training within the NWTT Study Area continues to be low. Use of all authorized sound sources was well within the amounts described and analyzed in the NWTT EIS/OEIS and the NWTT Letter of Authorization.

### (2) NWTT – Summary of Non-Impulsive and Sonar Sources Used During Training

This section summarizes total annual usage of each type of sound source used within NWTT for training.
